GUIDE CONTENTS - CONTINUED

Hold Harmless (Page 8)

This form needs to be signed by each volunteer participating in the cleanup. All participants under the age of 18 must have a parent or guardian signature. A copy must be sent to the Program Coordinator and the group leader should keep the original. If any new volunteers participate during following cleanups and did not sign the original, have them sign and send an updated copy to the Program Coordinator.

Recognition Sign Request (Page 9 and 10)

Group leaders must complete this form to request the installation of two (2) Adopt-a-Street recognition signs. As shown on this sheet, the County will provide two (2) plates showing the organizations name, one (1) located at the beginning of each street section. Organizations also have the option of placing their organizations logo on the plates after the logo has been approved by the County.

Equipment Kit Contents (Page 11)

The group leader should use this list as a guide when picking up the safety equipment. All listed items should be included inside the Equipment Kit. If any items are missing, please inform the Program Coordinator. During your Adopt-a-Street cleanup, safety equipment is required. This equipment can be reserved for your group by calling the Program Coordinator at least five (5) business days in advance of the cleanup date to arrange for a specific time to pick up the safety equipment.

Completion Form (Page 12)

After each cleanup, group leaders must mail, fax, e-mail, or bring in the Completion Form to the Program Coordinator to report the figures as requested. The group leader should make several Blank copies of this form to keep in their adopt-a-street file for later use.

Safety Guidelines (Page 13)

All volunteers participating in the cleanup will need to be familiar with the Safety Guidelines Sheet. This can be used as a reference in the field, in addition to the Safety Orientation Class.

Items to Bag, Move, or Leave (Page 14 – 15)

Volunteers working along the roadside will find all types of garbage to bag. However, some of the items found should be left where they are found. The list on page 16 clarifies which items to bag, move, or leave

Garbage Bag Placement Plan (Page 16)

This drawing on this page shows a sample setup for an Adopt-a-Street cleanup. Safety is the number one priority during all cleanups. Your Program Coordinator will make adjustments to the setup of safety equipment and garbage bag placement, if necessary.

Preferred Streets (Page 17-18)

Streets listed here are preferred locations for the Adopt-a-Street Program. Other locations will be considered on a case by case basis.

County of Sacramento

Adopt-A-Street Fact Sheet

The Adopt-a-Street Program involves volunteer organizations picking up litter on the roadside of local County of Sacramento streets. The cleanup area may be as much as the volunteer organization can control, but no less than 1/2 mile long. Volunteer organizations will need to clean each street section 2-4 times per year. In addition, the leaders of each organization along with the initial volunteers are required to attend a Safety Orientation class. Group leaders will be responsible for training any additional future volunteers. Organizations are also required to fill out an Adopt-a-Street Application, and Release of Liability form, before cleanup can begin. Organizations are required to contact the Program Coordinator two business days prior to their scheduled cleanup and within 1 business day following the cleanup. In addition, once cleanup is completed the organization will need to fill out a Completion Form and return to the Program Coordinator via mail, fax, or e-mail.

The County of Sacramento, to show its appreciation, will provide two (2) Adopt-a-Street signs, one at each end of the adopted section to show where the organization is working. Signs will display the organizations name and logo (to be provided by organization), but no addresses or phone numbers are allowed.

The County will supply garbage bags and safety equipment to the volunteers and will provide garbage pickup service.

The Adopt-A-Street Program has proven to be successful in improving appearance through litter pickup and is a great way for community based organizations/groups and businesses to show their involvement in the community. This Program will provide another opportunity for business and community based organizations/groups to work together in this effort. Anyone interested in this program should contact the following:
