

Fair Oaks Boulevard Complete Streets Project
(Howe Avenue to Munroe Street)

The Sacramento County Department of Transportation (SACDOT) is planning an improvement project on Fair Oaks Boulevard (Howe Avenue to Munroe Street) to create a "complete street" that will benefit people walking, biking, driving and using public transit.

Attend the
4th Open House
Meeting:

Wednesday, November 2nd

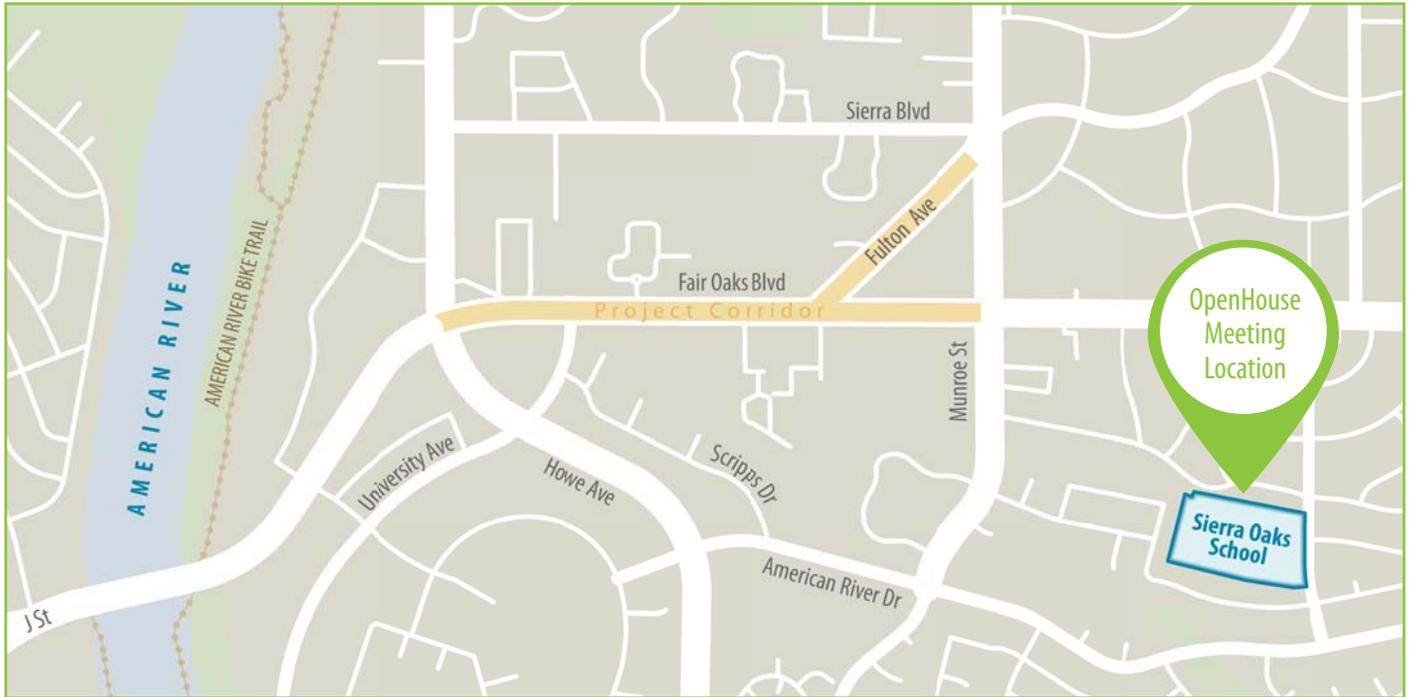

5:30 – 7:00 p.m.

Brief Presentation at 6:00 p.m.

Sierra Oaks K-8 School

171 Mills Rd., Sacramento, CA 95864

Fair Oaks Boulevard Complete Streets Project

(Howe Avenue to Munroe Street)

The Fair Oaks Boulevard Bicycle and Pedestrian Complete Streets Project will enhance Fair Oaks Boulevard to develop a multi-modal corridor that creates a sense of place and a center of activity.

With the aid and input of the community, this project will develop a **multi-modal streetscape master plan and construct pedestrian crossings on Fair Oaks Boulevard.**

Join us on Wednesday, November 2nd to review a preferred alternative for the boulevard and give your input on how to improve walking, biking, driving, and public transit on Fair Oaks Boulevard.

**Attend the
4th Open House
Meeting:**

Wednesday, November 2nd

5:30 – 7:00 p.m.
Brief Presentation at 6:00 p.m.
